iCats are..

.. professionals from all over the world with diverse backgrounds who want to share their business expertise with social organizations to create positive impact. All of the participating organizations have ambitious targets to scale their models. To support this critical expansion, iCats require a strong business background that has been ideally built up in advanced positions in the private sector. Typical iCats roles are business developers, financial analysts, strategy consultants, sales and marketing specialists, operations and process managers, PR and communication strategists, IT architects.

Skills and qualifications:

To participate in the Program, successful candidates should:

- have an undergraduate degree
- have international work experience
- have a minimum of two years of relevant work experience
- have a positive attitude, be sensitive to other cultures and be strongly cause driven to make a difference
- be able to work unsupervised and take responsibility for own actions and for those reporting to them
- be prepared to make financial and personal sacrifices to serve the vision
- constantly adapt to a changing environment

How to apply:

1) Go to www.icatsprogram.com and register as an iCat. Fill in your personal data, your availability and submit your profile

2) Once admitted to the pool of iCats, you can apply for open Fellow positions until November 20, 2011

Who we are:

LGT Venture Philanthropy (www.lgtvp.com) is an impact investor supporting organizations with outstanding social and environmental impact. As part of their support, the iCats Program selects professionals (iCats) who are willing to apply their business skills to build management/leadership capacity within supported organizations. LGT VP shares the iCats Program potential with like-minded impact investors by offering the platform to build or expand their own capacity building programs. LGT VP’s team in five continents strives to increase the sustainable quality of life of less advantaged people by inspiring clients for active philanthropy, providing individualized philanthropic advice and customized investment implementation services. Its broad range of clients benefit from the experience, systems, processes and networks built by implementing the philanthropic engagement of the Princely Family of Liechtenstein/LGT
